FLORE & MARIUS

IGP Atlantique - White

LOCATION

The IGP Atlantique (Protected Geographical Indication) designates the great terroirs of south western France, which benefit from the favours of the Atlantic, with on the one hand the warmth of its sun, and on the other the ideal humidity provided by the sea spray. Close your eyes and enjoy a glass of IGP Atlantique wine : you're there !

PRESENTATION

Flore & Marius, this cheerful couple take us with them on their holiday, enjoying every moment of innocence that the sweetness of summer brings, whether on a bike ride, on the riverbank or on the way back from the market. A call for holidays !

It is in this spirit of sharing and of conviviality that we have developed a range of IGP Atlantique wines, unpretentious and suitable for all occasions, with a fresh Sauvignon Blanc, a fruity Rosé and a gourmet Merlot

WINEMAKING & AGEING

Mechanical harvesting. Rapid destemming and crushing of the grapes. Skin contact for part of the crop followed by pressing. Cold settling of the must. Alcoholic fermentation at controlled temperature until the sugar is used up, to provide a dry wine, in the presence of yeasts selected according to the required profile. Ageing on fine lees.

VARIETALS

Sauvignon blanc 100%

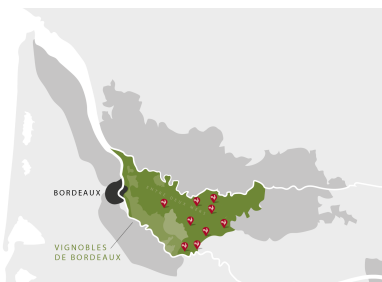

FOOD PAIRINGS

Drink chilled at 12°C as an aperitif with a seafood platter, fried noodles with vegetables or comté cheese.

TASTING

This wine, with its pale yellow colour and light green tints, reveals freshness and floral aromas on the nose. On the palate, we find aromas of tropical fruits and citrus fruits embellished by a beautiful vivacity.
