## RUE DE PARIS

AOC Bordeaux - White - 2022

### LOCATION

Bordeaux is the largest vineyard for appellation wines in the whole of France. Situated in the South West near the Atlantic, it is crossed by the rivers Garonne and Dordogne and enjoys a temperate maritime climate. The richness, the quality and the diversity of its wines derive from the particular character of the terroirs, the experience of the winegrowers and the art of blending. Wines of the Bordeaux Sec appellation combine the fruit of the Sauvignon with the roundness of Sémillon in a well-balanced blend. A regional appellation covering the entire vineyard zone of the Gironde department.

### PRESENTATION

Rue de Paris is an invitation to discover the classic Parisian style: a romantic walk in the streets of Paris, a bohemian picnic by the Eiffel Tower or a glamorous dinner cruise on the river Seine.

This wine is a tribute to two of France's most iconic cities, blending the vibrancy of Paris with the deep-rooted tradition of Bordeaux. And every time you raise a glass, you're transported to that quiet Parisian street, with the Eiffel Tower watching over, and the spirit of Bordeaux in every sip.

### WINEMAKING & AGEING

Mechanical harvesting. Rapid destemming and crushing of the grapes. Skin contact for part of the crop followed by pressing. Cold settling of the must.
