LES BIO BORDELAIS

AOC Bordeaux - Rosé - 2023

LOCATION

Bordeaux is the largest vineyard for appellation wines in the whole of France. Situated in the South West near the Atlantic, it is crossed by the rivers Garonne and Dordogne and enjoys a temperate maritime climate. The richness, the quality and the diversity of its wines derive from the particular character of the terroirs, the experience of the winegrowers and the art of blending. The Bordeaux rosé appellation wines are made using a short skin contact of just a few hours; the juice, free of tannins, is then vinified like a white wine. Bordeaux rosés are supple with fruity aromas, fresh, elegant and long on the palate.

PRESENTATION

BIO BORDELAIS is the name given to our group of winegrowers committed to an organic approach. Working daily for the proper development of their vineyard, over the years they have adopted cultivation methods certified organic farming. With this range, we want to promote their work with a modern touch, because the Bordeaux of today is not the same as the Bordeaux of yesterday! A wine full of life
