## CHÂTEAU ROBERPEROTS AOC Bordeaux - Red - 2022

### LOCATION

Bordeaux is the largest vineyard for appellation wines in the whole of France. Situated in the South West near the Atlantic, it is crossed by the rivers Garonne and Dordogne and enjoys a temperate maritime climate. The richness, the quality and the diversity of its wines derive from the particular character of the terroirs, the experience of the winegrowers and the art of blending. The tide, which flows up both of the region's rivers, brings very specific characteristics to the wines. With its huge size, Bordeaux reds offer an infinite palette of flavours and combine their qualities in myriad different ways.

### PRESENTATION

The property comes from my paternal grandparents. My grandmother, who was very much ahead of her time and in her ideas, was immediately involved in the winegrowing cooperation and mutualisation, at the cellar of Landerrouat. I took over from my parents in 1989 with my husband (and neighbour!) Jean-François; together we have 50 hectares of vines, which we cultivate using sustainable agriculture. Odile BRUÈRE

### WINEMAKING & AGEING

Destemming and crushing of the grapes. Alcoholic fermentation at controlled temperature with selected yeasts and maceration of the skins. To obtain a wine for ageing, rich in tannins, this takes 3 to 4 weeks. Ageing in barrel for 12 months, so that the wine develops its bouquet and its aromas.

### VARIETALS

Cabernet sauvignon 74%,  
Merlot 26%

### FOOD PAIRINGS

Serve at 16-18°C with duck breast, gourmet burger or Porcini mushroom risotto.

### TASTING

Intense, dark red colour. Ripe fruit on the nose with vanilla and elegant oak. Full on the palate, tannic, round, with well-balanced fruit and oak aromas. Oaky without excess. A traditional oak-barrel Bordeaux.
